Do you have an IEP Anywhere question?

Autumn Dodson, at NEOMIN, is your first line of support for IEP Anywhere. NEOMIN recently implemented a new web help desk. You will need to create an account in order to submit help requests. The link to the web help desk is located on the bottom right-hand corner of NEOMIN's home page (www.neomin.org). After account creation, you will receive an email that allows you to validate your account. After validation, you can login and create help requests.
